### REMARKS

The specification and claims have been amended to better conform to U. S. practice. In particular, the specification has been amended to include a "Related Applications" section, which states that the present application is a 35 U.S.C. §371 national phase application of PCT International Application No. PCT/EP2004/053736 and claims priority to the identified European patent application and U.S. provisional patent application. The amendments to the claims are based on the claims as published under the Patent Cooperation Treaty (PCT) as International Publication Number WO 2005/075038 A2, which is submitted herewith.

Please enter this amendment prior to calculating the fee in this case. Applicant respectfully requests substantive examination on the merits.

Respectfully submitted,
